FLAVOURS UNDER ONE SKY

Opened in 2023, Eclipse was created as a space where flavours from different continents come together under one sky. At its heart lies a story of heritage, passion, and discovery.

From the kitchen, **Executive Chef Jonathan** aka Jonny, shares:

In Spanish: *“Los sabores de mi tierra natal, Ecuador, junto con las influencias de mis viajes por Norteamérica, Europa y Sudáfrica, están infusionados en el diseño del menú, rindiendo siempre homenaje a mi herencia latina.”*

“The flavours of my homeland, Ecuador, along with influences from my travels through North America, Europe, and South Africa, are infused into the menu’s design - always paying tribute to my Latin heritage.”

This spirit of fusion is carried through every plate: where African spice trails meet South American fire, and South African comfort finds harmony with Latin vibrancy.

From our service team, **Food & Beverage Manager Triveni Pillay** adds:

“While sampling the many sumptuous notes our menu plays, allow my team to be the heartbeat of your dining experience. With a melody of passion and excellence, together we create a symphony as rare as the Eclipse itself.”

Just like the celestial event we are named after, Eclipse is about connection - rare, memorable, and a little magical.
