

BEACON ISLAND

Dear Valued Guest

Re: Beacon Island Resort 2023 Lift Replacement

In an ongoing effort to improve the overall look of the Beacon Island Resort, we are delighted to inform you that we shall commence with this project on the 13th of February 2023.

This project will cover the replacement of both foyer lifts as well as the service lift and is anticipated to be completed by no later than 2nd of January 2024.

Please take note that during this time one lift will be out of service which could have an impact on how long you wait for the lift.

Whilst we certainly will try to keep the disturbance factor to the minimum, you will appreciate that a project of this magnitude, will result in some noise.

We ask that you please bear with us during this project. Should you wish to discuss these matters, please do not hesitate to call and speak to management.

We are looking forward to the completion of this project which we are certain will truly enhance the guest experience at Beacon Island Resort.

Warm regards
Barend Olivier
General Manager
